Education and Community Outreach Toolkit for SCOTUS Immigration Announcement

For Legal Service Providers and Other Organizational Partners

ADMINISTRATIVE
RELIEF
RESOURCE CENTER

Purpose of toolkit:

The purpose of this toolkit is to provide your organization with useful templates, resources and tools that can be deployed following the Supreme Court announcement on the immigration Administrative Relief programs, DAPA and expanded DACA (United States vs. Texas).

The materials in this toolkit should help increase and maximize the outreach and community education efforts of legal service providers, immigration advocacy organizations, and other immigrant serving agencies.

How organizations can respond to the decision:

These resources will help inform your audience on the outcomes of the United States v. Texas tie decision. It is up to organizations and partners that serve our immigrant communities to guide and equip individuals with the resources that they need to stay informed, to grow in organization, and to retain hope for continued progress on immigrant rights. All organizations can play a role; we encourage new partners to join and help.

Toolkit contents:

The chart below lists tools that will help support your organization as you take action on the Supreme Court's decision. Other toolkits will be provided to help strengthen organizational capacity and community engagement. The materials are grouped by topic, and a brief description of each tool is also provided. The majority of these resources are customizable, allowing your organization to rebrand these with local contact information.

How to use the materials:

Organizations are encouraged to explore traditional and non-traditional ways of using these resources. Flyers should incorporate digital media and print use (display at reception/check-ins, provide these at community education meetings, give to local allies, take these to special events). Videos can be used in waiting rooms, as precursors to community meetings, embedded on the website, or even distributed through social media channels like Facebook and Twitter. Find out if local media stations will help you play an audio PSA (template PSA's coming soon). Remember to connect online using hashtags such as #HereToStay or #FightForFamilies.

For more information and other visit www.adminrelief.org.

Sign up to our e-mail list to continue to stay connected to the resources that we are developing.
