DACA RENEWAL PROCESS AND TIPS

Gather all the correct forms

Get the correct forms at www.uscis.gov

- Form I-821D
- Form I-765
- Form I-765WS
- Form G-1145 (optional)

Complete, sign and date all the forms

- Print clearly and legibly in black ink
- Answer every question on the forms, even if it means writing in "none," "N/A" or "not applicable"
- Ensure information is consistent across all immigration forms
- Sign and date all the forms – otherwise USCIS may reject your renewal!

Gather other documents and fees

- Photocopy of BOTH SIDES of your DACA work permit or other proof of DACA approval
- Two color, passport photos with name and A number written lightly on back
- $495 filing fee (check or money order payable to "U.S. Department of Homeland Security" or look for fee assistance at goo.gl/2unzGL)

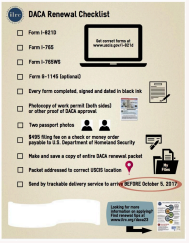
Mail your application correctly

- Go to the USCIS site at www.uscis.gov/i-821d-addresses to find correct mailing address to use for where you live and how you're mailing your DACA renewal packet
- Mail through a trackable mailing or delivery service
- Send far enough in advance that it will arrive before Oct 5
- Keep a copy of everything in your DACA renewal packet for yourself!

Follow up with USCIS as needed

- Go to your biometrics appointment
- Respond to any government request for more information about your DACA renewal
- Check your case status online

Warning – If any of these apply to you, make sure to speak with an attorney right away:

- You have ever been arrested.
- You have been ordered deported or removed before or the government is currently trying to deport you.
- Since getting DACA, you left the United States without first getting "advance parole" to travel.


Looking for a DACA renewal checklist? You can find one at www.ilrc.org/daca34
